

H² - Health & Happy

The New Normal at Thai Leading Boutique Brand

An al fresco lifestyle here means you can enjoy sunshine and breeze either from your own poolside balcony or private garden rooftop. And when you rest inside your suite, you impressively get your own space with individual air-conditioning system, which is also sanitized before your arrival; and not even one suite shares a same wall with another.

Prior to your check-in your entire room including props and amenities will have been sanitized by hospital grade disinfection product. Furniture and all soft furnishing are sterilized by UVC.

Apart from hygiene standard per GMP, at our restaurant you will also have your personal sharing spoon once the meal is order for sharing. Full-service gourmet breakfast has been one of our proud of service since the start of our resort business. Not only does it yield more comfort but also safer than buffet to our guests.

In fact, we apply more than 120 new Health Safety standards in addition to our existing working standards as our New Normal to protect our guests, staff and community from any deceases not only the COVID-19. Let's Sea Hua Hin Al Fresco Resort has satisfied the inspectors from Ministry of Public Health and Tourism Authority of Thailand with high health safety standards including the following cores:

- Contact Precaution
- Contamination Prevention
- Hygiene
- Zoning
- Physical Distancing
- Waste Management

Let's Sea Hua Hin Al Fresco Resort has guided the safe, hygienic, responsible and sustainable restart of Hua Hin vital hotels and resorts sector. Your H² health & happiness are always our top priorities.

According to national and local mandates or guidance, the following must be followed:

-Face mask is required in all resort public areas including open-air space walking corridor, restaurant, and bars (except at your dining table, relaxing beach terrace, or sun loungers around the pool).

-Physical distance in the swimming pool is 4 Sq. M.

-Screening of health risk will be conducted and signed to confirm by guest upon check-in

-Daily temperature check before entering public space. Higher than normal temperature as well as significant symptom of sickness will be referred to hospital

-Certificate of complete vaccination or ATK Test before spa treatments

-Fitness and steam rooms will be used privately by guests staying in a same room for 60 minutes at a time. Longer use is possible if there is no queue after. Ventilation and sanitization thoroughly is conducted at every interval.

-Restaurant service hours as well as alcoholic beverage service in the restaurant may be changed from our regular due to government advice. Please check for the current regulations via +66 32 900 800 or info.huahin@letussea.com

-Moving around the town: Please be reminded that at most locations you will be required to "check-in and check-out" on your smart phone by scanning QR Code linked to the government's control system; You will find body temperature check and hand sanitizing gel at almost all locations, however, we recommend that you have your own and always use as you touch anything in public, leave from taxis, etc.

In light of the reopening Thailand and Hua Hin "Blue Zone" – Test & Go Destination, Let's Sea Hua Hin Al Fresco Resort (SHA Extra+ B0763) can accommodate foreign guests from overseas, who are entitled to Thailand Test & Go as follow:
